

WELCOME TO THE CITY UNDER THE SUN!

The CEMA team is thrilled to welcome you to Nairobi for the Mathematical Modelling for Infectious Diseases - Malaria Training from 18th - 29th August, 2025. We are committed to making your time here both productive and enjoyable. While we will focus on the training and knowledge exchange, we also want to ensure that your stay is comfortable and that you feel right at home.

This welcome pack is designed to help you prepare for your trip and will also be a useful reference while you're here.

WEATHER

Nairobi in June - August is generally the colder months of the year in Nairobi, with average highs of 23°C and lows of 13°C. However, September to December are warmer months with occasional light showers. Nairobi weather tends to be temperamental. It is advisable to pack with layers that can accommodate weather changes, an umbrella and check weather forecasts to better prepare for your trip.

The dress code for the training is smart casual.

TRAINING VENUE

The training will take place at:
11th Floor,
University of Nairobi Towers,
The University of Nairobi,
Harry Thuku Road,
Nairobi.

You can view it here: <https://maps.app.goo.gl/Syzp4fa9uy3hf5kf6>

MONEY

Kenya's currency is the Kenyan Shilling (KES) and **ATMs** are available in major shopping malls and banking areas. You can exchange foreign currency at **Bureau de Change** desks at the **airport** or at Forex Bureaus. Exchange rates vary depending on the provider, and transaction fees may apply.

M-PESA (mobile money payment) is the most common way to make payments, though cash and card payments are also widely accepted in supermarkets, restaurants, and other establishments. If using a card, please check with your bank before traveling to confirm any applicable fees and ensure your card will work in Kenya.

CONNECTIVITY

There is **Wi-Fi** at the airport, the hotel, the University, and most restaurants. However, for broader connectivity and to access M-PESA, you will need a **local SIM card**. You will need your passport for SIM registration.

Afterward, we recommend using a digital copy for any other transactions/ identification purposes and keeping your original passport in a safe place.

TRANSPORT & SECURITY

Getting Around

For your daily travel during your stay in Nairobi, taxi hailing apps such as Uber and Little are readily available within the city and can be paid for using cash, mobile money or credit/debit card. These two are the recommended taxi hailing apps.

Traffic can be heavy during rush hour in the mornings and evenings and especially if it is raining, so keep that in mind when planning your trips.

Security

Your safety is our priority during your stay in Nairobi. We therefore encourage you to exercise caution when moving around (including to and from the hotel), be vigilant of your surroundings, and safeguard personal belongings at all times. Avoid talking on your phone while walking on the streets.

The nearest Police Station to the UON Towers is:

- The Central Police Station - <https://share.google/ZxeVSShP99GTN6Bbh>

HEALTH & WELLNESS

Should you need any medical attention while in Nairobi, here's a list of hospitals recommended and in close proximity to the hotel:
