

Use and declaration of resources to support your writing (e.g., assistance from other persons, texts, digital resources and text processing tools)

Principles and laws regarding intellectual property and academic integrity apply to this course. You must familiarise yourself with these principles and laws and sign a declaration of intellectual integrity:

You are advised to write using your own words, sentence structure, expression, etc., so you can learn to write using appropriate style, and by learning from your own mistakes. If you use digital and artificial intelligence tools to improve your writing, it must be declared. You must declare each sentence for which you used artificial intelligence by highlighting the words/section/sentence in your text and writing a matching statement in the margin, such as:

- These terms were looked up on LEO / DeepL / Google translate, etc.
- This sentence was translated using LEO / DeepL / Google translate, etc.
- This sentence was improved using DeepL Write/ Trinko / Grammarly, etc.

Read and submit this declaration of intellectual integrity:

- All work submitted during the course is my own, unless declared otherwise.
- I have acknowledged all collaborations, and have properly used and cited all sources, such as texts and text processing tools.
- When using digital/AI-supported writing tools, I have acknowledged them in full by highlighting the sections and declaring the sources in the margin, and by including a separate section "Overview of tools used", with their product name, my source of supply (e.g. URL) and information on the functions of the software used as well as the scope of use.
- In the preparation of assignments for this course, I have worked independently throughout and in a controlled manner in the use of digital/ AI-supported writing tools.
- I have taken note of the fact that in the event of a justified suspicion of the unauthorized or undisclosed use of AI in written assessments, I am upon request obligated to cooperate in confirming or ruling out the suspicion, for example by attending an interview.
- I have familiarised myself with the university's guidelines on citing AI tools that can be accessed here: [AI in learning and teaching | University of Basel](#)

I hereby confirm that I accept these regulations and will only use resources and tools in ways that that are allowed.
